Dear Ms Jackson,

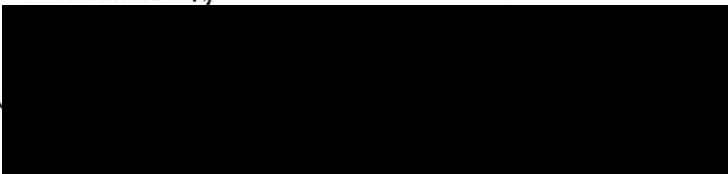

I am writing to register my objection to the farm land on either side of Upshott Lane, Pyrford being taken out of the Green Belt.

As a longstanding resident in Pyrford, the Green Belt is essential to preserve the character and nature of Pyrford Village. Building over 400 houses on that site is unacceptable since the village does not have the infrastructure to cope with it.

You will already have received a letter from the Chairman of Governors of our school, as the school does not have enough places for all the children to attend.

So, I hope the council will see sense, and maintain the two fields as Green Belt.

Yours sincerely,/

Reverend Canon Nicholas Aiken
