Subject: Objection to Upshott Lane Pyrford

Jeni

We write to you with our concerns and to object to additional housing being built on either side of Upshott Lane in Pyrford. We have lived in Pyrford for many years and walk our dog around the fields daily which, as you know, are agricultural fields and have had corn in for many years. I do not understand why so much new housing should be built on greenbelt, agricultural land when there are alternatives.

As well as ruining the rural nature of the area, it will mean - amongst other things - potentially 800 new cars on the road each day and hundreds more children needing a school place. The feeling of the village we have now will be totally changed.

We look forward to hearing your response.

Yours sincerely

Sally and Martyn Aldridge
