

## **Byfleet Green Belt**

Brian [REDACTED]

Dear sir

A visitor to Byfleet would know it is a village simply because of the views, from which ever direction they come from, of surrounding green fields and farm land with the Surrey hills visible in the distance.

If houses are built on Byfleet's remaining green belt land this visual amenity will be lost and at least four of the Government's five stated purposes of green belt land, violated.

Please record my opposition to any further encroachment on to Byfleet's green belt land.

Yours sincerely

Brian Ashfield
