

Green belt in Byfleet

To: Planning Policy

To whom it may concern

Dear Sirs,

Re Greenbelt in Byfleet

I felt very strongly that any further development of Byfleet

Incorporating the use of green belt land would be reprehensible.

I have lived in the area for over 30 years and during that time what was once a quiet peaceful village has become an overrun

Business Park. It has lost its soul and further ruining it by building on the few precious pieces of green left will totally ruin it.

Further housing is no doubt needed but not in a village whose infrastructure is already straining at the seams and whose roads are often solid with traffic even outside rush hours.

I would therefore object strongly to any further development in this small, once beautiful village.

Yours faithfully,

Janine C Ashfield
