23 July 2015

The Planning Policy Team
Woking Borough Council

Dear Sirs,

I have lived in Mayford since 1974 and wish to comment on the Woking 2027 DPD Consultation.

It is with deep regret that I have read of the Council's intention to consider allowing building on Green Belt land in Mayford.

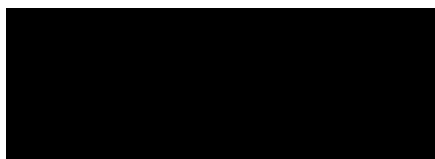

On Site Reference GB7, I object to extending the traveller site on Smart's Heath Road, which is not appropriate in a residential area.

On Site Reference GB11, my comments are:

- (a) The road network is not adequate for the houses that exist. Each morning and evening the single bridge over the railway leads to congestion.
- (b) Saunders Lane is too narrow, risking accidents and wing mirrors to clash, Horse riders and cyclists are in danger from speeding vehicles.
- (c) Mayford is a small village mentioned in the Domesday Book and any further addition would lead to a joining up of Woking and Guildford.
- (d) All Woking's brownfield sites should be used up first.

I support Mayford Village Society and am content for them to represent my views.

Yours faithfully,

Rosalind Askew (Mrs)
