

Objection to Greenbelt release

Sent: 26 July 2015 17:01

To: Planning Policy

Dear Sirs,

I strongly object to Woking Council's 'Site Allocations DPD' on the release of Green Belt Land in Byfleet. Due to the impact it would have on the roads especially the A245 which is very heavily congested already. Where I live the sewers are inadequate and after heavy rainfall are overflowing. More and more flooding seems to be coming a problem in and around Byfleet due to new housing being built. There are not enough school places to take any more children as the schools are over crowded already. There is no Heath service in Byfleet and the practices up at West Byfleet can't cope at the moment. There is no Police Station in Byfleet even though there is an office in St. Mary's Day Centre which seem to be totally unmaned. Why have previous Byfleet petition been ignored when over 2,500 people have signed them. Byfleet is getting more and more gridlocked everyday.

Yours sincerely,

J.W. Aylmer
