## Your views on the Site Allocations document

This section is for providing comments regarding the Draft Site Allocations DPD. Please provide as much detail as possible, for example the page or paragraph numbers to which your comment relates and explain any changes you consider should be made to the document.

This section can also be used to suggest a new potential development site to the Council (please state the full site address and contact details for the landowner(s) in your comments).

Site allocations	Site GB5 Land south of Murray's Lane Byfleet
Would you like to	Objecting
Please give us your comment	I strongly object to any development on the remaining green belt land in Byfleet. Byfleet has had the M25 since 1983 which then took a vast swathe of Green Belt land. The infrastructure in Byfleet is at capacity. No further school places available as an example and little facilities for children already living here in Byfleet. There are no doctors' surgeries in Byfleet. New housing would bring at least two cars per household no doubt and all coming in and out on the Parvis road with no other route available. The Parvis road is already congested especially at peak times also when there is any incident on the M25 or A3 it all adds to the road being congested even further. So, no to any further development in Byfleet especially on Green Belt Land..

Proposed modifications - Please explain what changes you consider should be made (for example, to the text, to the site boundary)

Site GB16 Broadoaks West Byfleet  
Objecting  
I strongly object to any further development that brings further traffic to the Parvis road. Putting a private 900 pupil school in West Byfleet at Broadoaks would bring chaos to the area. 900 pupils being brought to school and being taken home in the afternoon by car is mind boggling!! Also the people who will staff the school would struggle on a daily basis to get there. So, again I say, no to development that brings further traffic problems to Parvis Road.
