## Your views on the Site Allocations document

This section is for providing comments regarding the Draft Site Allocations DPD. Please provide as much detail as possible, for example the page or paragraph numbers to which your comment relates and explain any changes you consider should be made to the document.

This section can also be used to suggest a new potential development site to the Council (please state the full site address and contact details for the landowner(s) in your comments).

Site allocations	Site GB15 Land surrounding West Hall West Byfleet
Would you like to	Objecting
Please give us your comment	I am extremely concerned at this proposal. There is no infrastructure to support it. The traffic on the A245 is now horrendous and the traffic lights and the roundabout at the Marist School are permanent bottle necks. The habitat along the Wey Navigation including Dodds Bridge is a sanctuary for both wildlife and humans as we have no other green belt land within walking distance. It is more than likely that most of the houses will be 2 car families and pollution will increase to unacceptable levels.

Proposed modifications - Please explain what changes you consider should be made (for example, to the text, to the site boundary)
