I write to object to the Green Belt Release in the Byfleet and West Byfleet areas. My main reasons for objecting are that there is already insufficient schools in this area, with both primary schools in Byfleet having large waiting lists for those already living in Byfleet. Doctors resources are already stretched with only appointments being offered 2 weeks ahead. I also feel that the Green Belt must be preserved, the main road coming into Byfleet, Parvis Road, is constantly cridlocked and should not be forced to cope with any more traffic.
