

Green Belt Release in Byfleet, West Byfleet and Pyrford.

I wish to register my objections to the proposed plans to build over 1400 houses plus a private school in this area.

The infrastructure to support these dwellings is simply not there. Parvis Road is already gridlocked most days from 3pm and getting in and out of Byfleet is a nightmare. Any problems on the A3 or M25 also causes a knock on effect on the local roads.

The risk of flooding in Byfleet would be greatly increased.

A disproportionate amount of local Green Belt would be removed compared to the rest of Woking.

Christine Bye
