**Subject:** Proposed Development of houses in Pyrford

Dear Jeni,

I'm writing to strongly object to the proposed development on green belt of 400+ houses in the village of Pyrford. The main reasons why I believe this shouldn't go ahead are:

- The serious eroding of our very precious green belt land in a place of natural beauty
- Pressure on our already dangerous surrounding road system. The proposed houses will be very close to a school and two nurseries and already the traffic is a significant problem at certain times of the day
- Eroding infrastructure - there just aren't the facilities to cater for such vast numbers of people in a small village area

Over developing on our precious green fields is a crime when there are other sites in nearby towns with derelict properties that would benefit from new houses being built. I have lived in Pyrford for 10 years and feel let down by the council for even considering this to be a good idea for the area.

Kind regards
