

423 houses Pyrford.

I email, to register my objection to proposed development of open farmland either side of Upshott Lane, Pyrford.

Too many houses, without the necessary infrastructure, on Green belt land which provides the open rural feel that residents of Pyrford cherish.

I live only a short distance from the proposed development and it will totally change the outlook and charm of our home.

The development of this size would be an eyesore on and into this unspoilt and Historic area of Woking Borough.
