FROM PAULINE CHAPPLES

Please consider my objection to the above proposal.

I am opposed to more building in the Green Belt on land around Byfleet.

We have very little open space in this village and what we have is on land that Woking Borough Council is safeguarding for future housing.

This is not right as we already have:

Congested roads

Pollution at a high level from traffic on Parvis Road

No doctors surgery for over 8000 inhabitants in Byfleet

A shortage of school places.

Flooding after even moderate rainfalls

Please do not build more houses in Byfleet in such great numbers.

Just a few homes on existing developed land is more than enough for Byfleet.

Yours sincerely

Pauline A. Chapples
