Subject: Upshot lane

Dear Ms Jackson

I would like to raise my objections over the forthcoming build of 400 houses in the Upshot Lane area of Pyrford.

As a local resident I'm concerned by the impact this number of houses will have on the local amenities, in particular the school, doctors and car parking. These are already under pressure & I really cannot see how they can cope with an additional 400 + residents in the area.

Im also concerned the impact it will have on the green belt and natural charm and beauty of the area including the footpaths.

I would be grateful if you could take my concerns into consideration. Regards Laura Cook
