Your views on the Site Allocations document

This section is for providing comments regarding the Draft Site Allocations DPD. Please provide as much detail as possible, for example the page or paragraph numbers to which your comment relates and explain any changes you consider should be made to the document.

This section can also be used to suggest a new potential development site to the Council (please state the full site address and contact details for the landowner(s) in your comments).

Site allocations	Site GB5 Land south of Murray's Lane Byfleet
Would you like to	Objecting
Please give us your comment	This entire site is inappropriate for development of ANY sort. Local unspoilt countryside is at a premium and has been steadily eroded over the 35 or so years that I have lived here - principle challenges were the M25 construction and the subsequent conversion of unspoilt countryside into the Wisley Golf Course (a green "desert" that destroyed much wildlife habitat). Unspoilt countryside is essential for the physical, spiritual and mental wellbeing of the existing local community as well as providing the key physical break between built up areas - exactly what the "Green Belt" is supposed to do. Furthermore, local infrastructure already fails to meet local needs. For example, roads are heavily congested and many are in a poor state of repair, and medical facilities are inaccessible unless one has car access to West Byfleet or beyond. Additional local housing and the associated people/traffic will put an intolerable additional burden on local infrastructure.

Proposed modifications - Please explain what changes you consider should be made (for example, to the text, to the site boundary)

Additional development along the lines proposed will diminish the quality of life for local residents, and will impact current house values in a negative way. I doubt Woking has made provision for the financial recompense they will need to pay local residents for the destruction of a natural local amenity!(I would refer you to the sums that had to be paid out when the M25 was built).

If it is critical that additional green belt land in Byfleet is allocated for additional housing, I would advocate using the land adjacent to the A245 (South of A245 = GB4, and North of the A245 = cricket pitch and associated areas). However, in my view even this will prove challenging as the A245 through Byfleet is already heavily congested and cannot accommodate more peak time traffic.
