

VJ + JM CURTIS
48 HAMILTON AVE
PYRFORD
GOZZERY
24th July 2015.

Dear Joni Jackson,

It seems a complete mystery to us, that a few years ago, we went through public meetings regarding building on the field next to Upshot Lane. It was found to be impracticable. Our already crowded roads can't take any more traffic. We already have a rat run through the village to the A3 together with school runs.

These proposed separate estates will generate more traffic. Will mean major road works, which by its very nature will create a very different look to the attractiveness of these areas of Pyrford.

The proposed development for West Bybott and Wislay will mean that we are in a state of permanent gridlock, what happens when there is an accident on the A3 or M25? We already grind to a halt on our roads when this happens.

G.P. Surgeries are already overworked and vacancies for Doctors hard to fill. Our Schools and St Peters Hospital are

under great pressure trying to cope with
the population we already have,

SAVE OUR GREEN BELT! Once it's gone it
gone and can never be replaced.

YOURS SINCERELY
