## Your views on the Site Allocations document

This section is for providing comments regarding the Draft Site Allocations DPD. Please provide as much detail as possible, for example the page or paragraph numbers to which your comment relates and explain any changes you consider should be made to the document.

This section can also be used to suggest a new potential development site to the Council (please state the full site address and contact details for the landowner(s) in your comments).

Site allocations	Site GB11 Land NW of Saunders Lane Mayford
Would you like to	Objecting
Please give us your comment	We strongly object to the removal of all of this site from the green belt with a view to development of new homes (whether NE or NW of Saunders Lane). The reasons for this objection are the following: 1). Urban sprawl. Green belt exists to protect surrounding villages (Mayford) from being swallowed up into Wokings large urban sprawl. The character of the village of Mayford will be lost as will its distinction as an outlying village from Woking. 2). The Road network will not support the increase in volume of traffic. Sanders Lane is already a narrow road as many cars from residents park on one side of the road making passage through it a stop/ start affair as you often have to pull over to allow traffic to pass. Further on from this, the roads it leads to ( BlackHorse Road and Heath House Road) already have a problem with speeding traffic, poor road lighting, ditches either side and a significant accident hotspot at the junction between the three roads. An increase in road traffic will

exacerbate the problem.

3). Loss of wildlife and green belt will affect residents enjoyment of the area and adversely effect landscape of Mayford and Hook Heath. IT is unacceptable that such a large green space which is home to local wildlife, and enjoyed by dog walkers and all residents will be lost to developers when there are many other brownfield sites that could be chosen instead. Sites such as this add much to the desirability of Woking as a town (which has historically been blighted by ugly town centre shopping areas and blocks of flats).

Proposed modifications - Please explain what changes you consider should be made (for example, to the text, to the site boundary)

There should be no changes to the site. It should be left as Green Belt and protected as such from any development whatsoever.
