## Your views on the Site Allocations document

This section is for providing comments regarding the Draft Site Allocations DPD. Please provide as much detail as possible, for example the page or paragraph numbers to which your comment relates and explain any changes you consider should be made to the document.

This section can also be used to suggest a new potential development site to the Council (please state the full site address and contact details for the landowner(s) in your comments).

Site allocations	Site GB5 Land south of Murray's Lane Byfleet
Would you like to	Objecting
Please give us your comment	This area in Byfleet, if used for housing will put undo strain on the existing infrastructure. This will result in brewery Lane becoming clogged. It is by the school and Scout hut. The dangerous bend where often two buses meet will ground to a halt if more houses/traffic is used on this Notorious corner . All traffic will then add to the everyday traffic jams on the Parvis Road.
Proposed modifications - Please explain what changes you consider should be made (for example, to the text, to use the green belt in Byfleet)	I believe there to be no exceptional circumstances to
the site boundary)

Site allocations	Site GB4 Land south of High Road Byfleet
Would you like to	Objecting
Please give us your comment	This land which is off The Parvis Road should not be used for housing as it will add to the already over crowded village. Byfleet does not have enough infrastructure to carry any more housing. The Parvis

road will not accommodate any more traffic as it is the run off for the A3 and the M25. I believe the air pollution on this area is way over permitted levels. It would be madness to put people living in this area until all its problems ie flooding, health facilities, schooling, traffic and air pollution is sorted out.

Proposed modifications - Please explain what changes

you consider should be made (for example, to the text, to the site boundary)

Not to use green belt land for housing as there is no exceptional circumstances.
