**To:** Jeni Jackson

**Subject:** My Objections

To Jeni,

My name is Arthur and I have severe objections to the 400 houses planning to be built on our land. I object to our peaceful way of life that will soon be destroyed. People move to Pyrford to bring up their families or to retire. It is for that reason that the building of the houses will cause untold havoc and ruin many peoples plans to relax and enjoy life. Imagine taking a child to a park and finding it has been vandalised and overcome with litter. Imagine what it would be like to want to take a peaceful stroll in the woods to find it overcome with people and other mess from things such as dogs. And finally, imagine what it would be like to find your child hasnt got a place at the local school thats literally 2 minutes away because over 400 families have moved in next to the school. People dont want these houses and we will fight to preserve our way of life as well as the history of Pyrford as a village instead of a part of Woking.
