Subject: Proposed building of 400+ new houses - Upshot Lane, Pyrford.

Dear Jeni

I have been a resident of Pyrford for almost 34 years and appreciate the green belt that we enjoy. I am very concerned about the proposed plans to build over 400 houses in this green belt either side of Upshot Lane Pyrford. Whilst I also appreciate the need for new housing nationally, I feel you yourself and other members of Woking Council, must see that this is a disproportionate number of houses and associated infrastructure, that will be hugely detrimental to the area.

I believe that you are in danger of number crunching to appease those who have their minds set on targets and budgets, and not on the future well being of our green belt, which, once destroyed, can never be reclaimed. These plans just cannot be justified, as you must well know.

Sincerely,

Clare Davie

20 Boltons Lane

Pyrford. GU22 8TL
