Subject: Development of 400+ houses in Pyrford village

Dear Jeni,

I'm writing to strongly object to the proposed development on green belt of 400+ houses in the village of Pyrford. There are many reasons why this shouldn't go ahead. My main reasons for concern are:-

The serious eroding of our very precious green belt land in a place of natural beauty.

Pressure on our already dangerous surrounding road system. They will be very close to a school and two nurseries and already the traffic is a problem.

Eroding infrastructure.

There just isn't the facilities to cater for such vast numbers of people in a small village area.

If something isn't done to stop it we will be overdeveloping on all our precious green fields it really is a crime when there are other sites in town with derelict properties on that would benefit from nice new houses.

I have lived in and close to Pyrford all my life and feel let down by the council for even thinking this is a good idea.

Kind Regards,

Emma Faithfull
