Your views on the Site Allocations document

This section is for providing comments regarding the Draft Site Allocations DPD. Please provide as much detail as possible, for example the page or paragraph numbers to which your comment relates and explain any changes you consider should be made to the document.

This section can also be used to suggest a new potential development site to the Council (please state the full site address and contact details for the landowner(s) in your comments).

Site allocations	Site GB11 Land NW of Saunders Lane Mayford
Would you like to	Objecting
Please give us your comment	Green Belt is designed to maintain green open space. These allocations severely reduce the green belt and do the opposite. In particular the village ambience of Mayford and Hook Heath will be lost. There is no need or requirement for any additional housing in either of these two locations. The roads could not cope with any additional housing. Saunders Lane has restricted width and would become gridlocked. The housing density proposed is disproportionate to the neighbouring area.
Proposed modifications - Please explain what changes you consider should be made (for example, to the text, to where there is considerably more open space. the site boundary)	Consider moving the site out towards the M3 or M25

Any other comments

The proposal is ill conceived. there are no exceptional circumstances allowing the release of this land from the Green Belt. 1200 additional homes are not required, nor is a retail park.
