Subject: Objection to Pyrford new house build

Dear Jeni Jackson (Head of Planning at Woking Borough Council)

We strongly object to the proposed building of 400+ new houses for Pyrford.
We have lived in Pyrford now for 14 years and we think the proposed build is completely unsustainable and it would destroy the character of Pyrford village and overpower the already limited infrastructure. It is also being built on Green belt. In summary we both think this is not a good option for Pyrford and we strongly oppose the new house development.

John and Eleine Fotheringham
168 Old Woking Road
