

44 Peter sham Ave
Byfleet.

Dear Sir/Madam

I am writing to object to the
Green Belt Release - Woking Council Site Allocation D.P.D.

Traffic

At present it can be a nightmare trying to get in and out of Byfleet, especially if there is a problem on the M.25, where the area and adjoining areas come to a standstill, I have been caught in these jams many times. Can you also imagine the chaos on Purvis Road when you build a 950 pupil Private School on Broadlooke plus 140 Houses, when parents are dropping off their children, and no doubt people from the houses going to work, you then plan to build over 1000 more houses in the Byfleet Area.

Health

At present it can be very difficult to get an appointment at Doctor's Surgeries so what will it be like with another 1.400 families to account for.

Flooding etc

I thought Byfleet was supposed to be a flood plain, as most of it floods in bad weather, so why build more houses and make it worse. Remember Christmas 2013 when most of Byfleet was under water causing problems for people to get in or out. it was absolute Chaos.

Plus why should we in Byffloot lose the little amount of Green Belt land we have (which I always thought could not be built on) when there must be many other areas that can be used.

Social. The land at Broadleaks could be used for social/family facilities, for the people of the area.

Yours Sincerely,

S.H.V. Frost (MRE)
