Your views on the Site Allocations document

This section is for providing comments regarding the Draft Site Allocations DPD. Please provide as much detail as possible, for example the page or paragraph numbers to which your comment relates and explain any changes you consider should be made to the document.

This section can also be used to suggest a new potential development site to the Council (please state the full site address and contact details for the landowner(s) in your comments).

Site allocations	Site UA1 Library Byfleet
Would you like to	Objecting
Please give us your comment	I strongly object to this why is this site being suggested ? Firstly Parvis road cannot cope with the amount of traffic as it is and when it is gridlocked people driving home already use high road as an attempt to jump the queue which causes traffic to build up and form yet another gridlock. Secondly the utility's ie electric , Water , education and health are already overstretched and thirdly why is this being brought up again as the people that live in this village have already voiced there opinion with regards to more housing in Byfleet with a petition of over 2,500 names has this been ignored ?

Proposed modifications - Please explain what changes you consider should be made (for example, to the text, to the site boundary)
