

Site Allocations DPD consultation online questionnaire.

About This Form

This is the online form which you can use to give us your comments on the draft Site Allocations development plan document (DPD). The public consultation documents are available at [Woking2027 website](#).

The public consultation is open from **Thursday 18 June to Friday 31 July 2015**. Unfortunately we cannot accept responses received after 5pm on the closing date.

You can let us have your comments in a number of ways:

- 1. Use this online questionnaire – instructions are set out below.
- 2. Complete a downloadable / printable questionnaire and return this either by email to planning.policy@woking.gov.uk or by post to the Planning Policy team, Woking Borough Council, Civic Offices, Gloucester Square, Woking, Surrey, GU21 6YL.
- 3. Complete the comments form accompanying the online Site Allocations interactive map (see www.woking2027.info).
- 4. You can also register your comments with the Planning Policy Team at one of our public consultation events (see www.woking2027.info)

If you have any questions about completing this form please contact the Planning Policy team by email on planning.policy@woking.gov.uk or telephone on 01483 743871.

Mandatory Fields

This questionnaire will ask you for your views on the various consultation documents: the draft Site Allocations document, the Sustainability Appraisal and the Habitats Regulations Assessment. If you have no comments on any one of these, simply choose 'next' to move to the next page of the questionnaire.

You can also suggest a new potential development site or make a general comment (not specific to any one of the consultation documents).

Some fields are mandatory, so must be completed. They are marked with a red asterisk.

Please note we are unable to accept anonymous responses.

You must complete all the form in one session, no information will be saved. If a form is half completed and closed, you will need to start again.

Data Protection

Please be aware that representations received by the Council will be made publicly available.

The Council may also use this information within the Council to exercise functions of a public nature in the public interest.

Site GB12 R/o 79-95 Lovelace Drive Pyrford
Objecting
Allowing GB12 to be taken out of the green belt is the biggest mistake a council could make. The impact to wildlife, humans and flora is just the start of the erosion of the precious green belt which was created aa an amenity for everyone to enjoy.Fresh air, recreational activities are just part of this precious area. Developing this area will cause grid lock to the infrastructure. The area is already suffering from overcrowding, unacceptable waiting times for doctors appointments, hugh increases in trafficek movements through our village, low water pressure in summer times and over crowded schools to name but a few. The quality of life for everyone in Pyrford has already been eroded over the years, and to build on this site would just be the start of the loss of that amenity which could never be replaced.
Removal of GB12 from the site allocations document.

Proposed modifications - Please explain what changes you consider should be made (for example, to the text, to the site boundary)

Site GB13 Land E of Upshot Lane Pyrford
Objecting
Using GB13 as proposed development will be a disaster for the precious green belt in the Pyrford area. Wildlife and future generations will be denied the benefits of this amenity, including clean air, recreational facilities and a healthy environment in which to thrive. In Pyrford we are already bombarded with unacceptable volumes of traffic movements and the proposed development will only make matters worse. To add more houses and cars to this area will add to the near gridlock that we already suffer. NHS facilities, doctors, dentists, and schools are already under strain not to mention the low water pressure in summer months due to inadequacies of the water supply. Finally once this land is removed from green all the amenities that it provides will be lost FOREVER, never to be replaced and all the infrastructure problems that current exist will be exacerbated FOREVER..
