Subject: Proposals to build at Broadoaks and West Hall

To whom it may concern

I would like to register my objection against the proposals to build on two green belt sites in Byfleet and Pyrford. The proposal that will result in an additional 592 homes just cannot go ahead. Services are already under extreme pressure without the addition of more than 600 homes. I am not sure how these plans will benefit the existing community. Further, what attracts one to this area, is that it is in a green belt zone and is not too urban, with the proposed development, that appeal is gone, and we certainly would consider moving out of the area as a result.

Kind Regards

Kate Golding
