Gloucester Square  
Woking, GU21 6YL

For the attention of Ms J. Jackson  
Head of Planning.

Dear Madam,

I am writing to you regarding the proposals to build over 400 new houses on Upshot Lane.

These 2 open areas are the last open spaces near Pyrford + are needed to give us Residents views and clean air in a highly polluted South East of England. Our Roads are at breaking point now, school is full + our medical centre and chemist are more than busy.

We moved here nearly 32 years ago to have a more quiet life + fresh air and strongly object to any houses being built either side of Upshot Lane.

There are surely enough Brown  
field sites around Woking  
which can be built on. Our  
Green belt in the Woking area  
are our lungs and must not  
be built on.

Yours faithfully
