28th July 2015

Dear Sirs,

**Re: Woking 2027 DPD Consultation and in particular to site references:**

GB10 (Land to the north east of Saunders Lane, between Saunders Lane and Hook Hill Lane, Mayford GU22 0NN)

GB11 (Land to the north west of Saunders Lane, Mayford, GU22 0NN)

GB14 (Land adjacent to Hook Hill Lane, Hook Heath, GU22 0PS)

As a resident of Hook Heath I am writing to register my objection to the removal of areas GB10, GB11 and GB14 from the Green Belt and to proposals to build houses on parcels GB10 and GB11 post 2027.

**My reasons for objecting are:**

The amount of houses proposed will ruin the area, Hook Heath has an average density of 5.5 dph, the proposed housing density of 30 dph on the Saunders Lane sites GB10 and GB11 are extremely excessive.

Green belt is there to protect land, conserve, and maintain locally valued features, we believe this proposal completely goes against policy.

Local transport infrastructure is heavily congested during the morning & evening rush hours. It will not be able to cope with the additional traffic that several new housing estates, a retail park and a school will place on it.

**Yours faithfully**

**TP & JL Grainger**
