

Dear WBC,

We strongly oppose this application. This is Green Belt land and we have grave concerns about West Byfleet and Pyrford's roads, amenities and infrastructure's capability to support 1,000 new residents. The roads around our town and village are already choked at peak times and the trains are full.

Why not consider brown field sites in more major conurbations with mainline station and road links like Woking and Guildford?

Yours,

Alan, Katey, Christopher and Guy Grant
