Subject: Green belt review

Dear Jeni,
I am writing to raise my objections at Woking Borough Councils plans to build over 400 new homes on two fields in Pyrford.
The village does not have the infrastructure to support this number of new homes either in terms of roads, schools or medical facilities. There is one primary school in Pyrford, narrow roads which are often very overcrowded and one surgery in West Byfleet which is very oversubscribed.

Although, I appreciate that the government are driving local authorities to provide new housing I wonder why apparent green belt land is now deemed suitable to build on! Rather cynically , I feel that the landowners Burhill estates are cashing in and potentially ruining a beautiful village and its green spaces.
In addition, the landowners should not be rewarded for the irresponsible way in which they have managed the land recently. It has been allowed to degenerate into an industrial wasteland!

I would therefore like to lodge my strong objection to these proposals and trust that the democratic right to protest plans is thoughtfully considered by Woking Borough Council.

Yours sincerely
Gail Graves
