

Greenbelt land north of Mayford village (proposal references GB8 & 9)

To: Planning Policy

Dear Sirs,

We are writing to strenuously object to the proposed reclassification of Green Belt land north of Mayford village (proposal references GB8 & 9).

Reclassification and subsequent development on this particular site will completely change the rural feel of the area, overburden the already-laden traffic infrastructure and compromise the historic legacy of the village.

It will be a great loss to the area and the feel of Woking town and surrounding villages to overdevelop on this major arterial road. Having relocated here within the past 4 years from London, we were attracted to the area for it's rural feel and the ease of commute for work. We feel strongly that developing on this site compromises the attraction of Woking and will negatively impact the appeal of those looking to move to the area.

Yours Sincerely,
Thomas and Christine Gray
