To: Planning Policy

We wish to object to the proposal to release Green Belt land in Byfleet ,West Byfleet and Pyrford on the grounds that it may increase flooding , will definitely impact upon Traffic congestion on Parvis Road , and the removal of most of local Green Belt whilst Woking will retain approx 98 per cent of their own Green Belt land.

Health facilities in the area (Doctors Surgeries) are already in melt down and the addition of extra housing will only exacerbate the problem.

We are also unhappy that a Byfleet petition consisting of approximately 2500 names has apparently been totally ignored.
