## Your views on the Site Allocations document

This section is for providing comments regarding the Draft Site Allocations DPD. Please provide as much detail as possible, for example the page or paragraph numbers to which your comment relates and explain any changes you consider should be made to the document.

This section can also be used to suggest a new potential development site to the Council (please state the full site address and contact details for the landowner(s) in your comments).

Site allocations	Site GB5 Land south of Murray's Lane Byfleet
Would you like to	Objecting
Please give us your comment	Byfleet's current infrastructure is already insufficient to meet the needs of its population, before any development is approved the provision for education, health, drains and roads need to be improved.
	Particularly I am concerned at the capacity of Parvis Road/Byfleet Road (A245) it is already constantly busy and the proposed developments may well leave Byfleet gridlocked.
	Also worryingly much of the proposed area has already been flooded or is in an area in danger of flooding.
	The impact is not only to those living in Byfleet but to the wider environmental impact of losing green belt. The proposed developments remove a huge chunk of the local green belt land.

Proposed modifications - Please explain what changes you consider should be made (for example, to the text, to

the site boundary)
