

Green Belt land

Woking planning dept.

I am registering my objection to the release of Green Belt land set for Byfleet, West Byfleet and Pyrdord areas. I live in Byfleet and the road is extraordinarily busy on A245 between the villages. The building of further houses will result in increased traffic gridlock and pollution to these areas. Notwithstanding the insufficient infrastructure in place for the current residents, where flooding is also a major risk based on last years heavy rains.

Yours
