Subject: Pyrford Development

Dear Ms Jackson

I want to voice my opinion regarding the proposed housing development. I agree that we need more housing BUT the infrastructure cannot cope. Parking, Schools, Drs etc.. are all already over stretched. The traffic is frequently grid locked especially at school drop off and picking up. Any development of the proposed size would need to have much more careful planning. The infrastructure needs sorting before the development commences especially the traffic and parking because obviously the construction vehicles will have a massive impact on our standard of life.

I have lived here since 1993 and the constant road works etc... and building has made life more and more congested - this will be horrendous under the proposals.

Yours

Elizabeth Jacques Jones
