Site GB15 Land surrounding West Hall West Byfleet
Neutral
On behalf of Surrey Gardens Trust I have noted the Key Requirements referring to the retention of the large areas of woodland and parkland setting, the creation of a strong landscape edge and the protection of the setting of listed and locally listed buildings. These all seem essential in relation to the surviving designed landscape interest of the West Hall estate. Clearly the recent developments around West Hall have significantly changed the character of much of the former grounds and gardens, but if the Key Requirements can be achieved then the further loss of interest will be substantially mitigated.

Proposed modifications - Please explain what changes you consider should be made (for example, to the text, to the site boundary)

Neutral

On behalf of the Surrey Gardens Trust I have noted the Key Requirements referring to the setting of the listed buildings, the retention of trees and the avoidance of development of the site frontage. The setting of the buildings is, of course, tied up with the interest of their garden setting and other estate features from c.1900. While the map base shows the garden design features these are not found on the aerial photo probably as a result of minimal maintenance in recent years. The garden design interest of Broadoaks is noted in the Surrey Historic Environment Record and would thus need to be considered as a non-designated heritage asset. The Key Requirements seem likely to ensure that an assessment of significance would take place.

Proposed modifications - Please explain what changes you consider should be made (for example, to the text, to the site boundary)

Site GB22 Woking Palace Old Woking
Supporting

On behalf of Surrey Gardens Trust I would support the proposal for a Heritage Parkland/Country Park. Our particular interest has been in the possibility of archaeological work revealing something of the garden/landscape features related to the Palace site. The various studies that are envisaged should help in this respect.

Proposed modifications - Please explain what changes you consider should be made (for example, to the text, to the site boundary)
