Subject: Green Belt Land Pyrford

I am strongly opposed to the release of green belt land by Woking BC for housing development. I have been a resident of West Byfleet/Pyrford for over 25 years and have watched as the 'village' atmosphere has been eroded by development and the infrastructure of these previously pleasant residential settlements is no longer meeting the current demands in terms of transport, education and healthcare. The most urgent problem is the transport - our roads are clogged with traffic and our train connections desperately overcrowded at peak times, to expand this village into a commuter housing estate would be creating more problems than it solves.

Please note my objections.
