I am objecting to the current proposals :%0ASheerwater already has a designated open space which has been used quite successfully since the concept of the estate was first built ,this is easy accessible to all residents and is in constant use as a recreation ground to which and many other in the borough are designed for.%0ASheerwater FC and Woking Athletics Club provide access to sport and recreation within the estate and are well established.%0AAccessible routes are already in place - there is excellent foot and cycle paths throughout the estate.%0ASheerwater is the only area in the borough to have a designated cycle path from Sheerwater Road in the East to Arnold Road in the West and is in use for residents and local employment.%0AThere are six access points from the estate to Basingstoke Canal towpath more then any other area in the borough with a short walk to both East- West Byfleet and West -Woking Town Centre%0ABus routes are easy accessible to all residents at present with good links and timetables to Woking/Staines/Kingston and links to other parts of the borough.%0AThe community is well served at present with two dentists and one health centre which is situated next to sheltered accommodation for the elderly.%0A%0AExcellent community facilities are at Parkview which are used by residents and by groups from outside the borough, with easy walking access for all residents%0AThe estate benefits for many pockets of green space with trees and fauna already established for over fifty years mature fruit tress can be found in most gardens.%0AThere is more green space and trees on estate then any other/similar sized area within the borough.%0A%0ACrime rate statics for Sheerwater tend to be the lowest in the borough (once Maybury is removed from UK Police data files)%0ANo current PSO are on the estate due to the low crime rate.%0AThe community is well served by active Church activities and a Residents Association which is currently working its way to a residents forum.%0A%0A
