

Rowancroft,

Hook Heath Rd.

Woking.

28/7/15

Woking Borough Council
Planning Dept.

Dear Sir,

Planning proposals for Hook Heath & Mayford

I write to record my objection to the proposed level of housing development in the above mentioned areas.

Whilst exceptionally green belt land may be released for housing, the level proposed seems far too high. The proposed development will start to change the character of these areas and will lead to further urban sprawl.

The road network could not cope adequately with such population growth and its consequential effect on transportation issues.

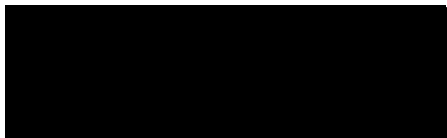

Surely such major changes should be discussed in a public consultation when housing density issues, supporting infrastructure issues and the protection of the local landscape must be fully evaluated.

WE MUST PROTECT THE GREEN BELT.

Yours faithfully,

P.A.
