Subject: Woking Borough Council: Feedback to the Site Allocation DPD.

Ernest & Terry,

Attached is a PDF document which contains my feedback to the Site Allocations Development Plan Document, that was published June 2015. This document represents my personal views. Penny will be submitting the formal feedback from West Byfleet Neighbourhood Forum. **Could you please confirm receipt of my mail & that this is an acceptable format?**

I trust that you are able to receive this feedback in good faith, with an open mind & willingness to consider the points/ideas raised.

I would like to thank you for your help & indeed patience over the past 6 weeks as I have sought information & assistance to help better understand the DPD.

I look forward to getting your feedback to my questions, ideas, etc. Should you have any questions about my views, I would be happy to discuss them with you.

Thanks once again, & good luck with your work over the coming months.

Best regards,

Andrew Leong-Son
