Your comment

I would like to object to the proposal to release Land at Egley Road from the Green Belt.

I am against the building of the school because I do not believe there is sufficient need in this area and that most pupils will come from elsewhere in Woking and the surrounds. I also believe that there are alternative sites available.

I am against the Leisure Centre because there is one very close by already.

I am against the Running Track because of the noise, floodlights and extra activity that it will bring to this previously tranquil area.

However I appreciate that these projects will likely go ahead, whatever the wishes of the local residents.

All these ventures can however be built while retaining the green belt and this seems by far the most sensible option.

This will retain to some extent the gap between Mayford and Woking, and some green fields, natural habitat, and the feature of the escarpment.

Then as we approach 2027 a decision can be taken whether the site should be taken out of the green belt and houses built or not. This decision could be properly taken by the politicians at the time in the light of experience of the new school and sports fields and the views of their residents at the time.

This seems the most sensible way forward. We are actually only talking about 188 houses out of an annual target of 292. I am sure these could be accommodated elsewhere.

Proposed modifications – please explain what changes you consider should be made, if any (for example, changes to the text, a site boundary, etc.)
