Site allocations	Site GB15 Land surrounding West Hall West Byfleet

Please give us your comment	592 houses is too many. The road is already over-used and level"F". The area is subject to flooding. There is no infrastructure in place for traffic, schools, medical etc. West Byfleet will be ruined. 1997 research document costing £300,000 stipulated that this area of land should NOT be developed.
Proposed modifications - Please explain what changes you consider should be made (for example, to the text, to the site boundary)	West Hall development should NOT happen.

Objecting
West Byfleet, Byfleet, Pyrford will not be able to sustain the additional traffic. Parvis Road is already overloaded and at rush hours banks back to Tesco in one direction and beyond West Byfleet in the other.
There aren't enough spaces in the schools.
The medical centre is already overflowing. People travelling will get impatient. Accidents will happen.

Proposed modifications - please explain what changes you consider should be made, if any

Habitat Regulations Assessment (HRA)

A Habitat Regulations Assessment (HRA) was undertaken to consider the likely significant effects that the draft Site Allocations development plan document (DPD) might have on European designated habitats

Please give us your comments

We still have important green belt and wild life in West Byfleet and surrounding areas. West Byfleet, Byfleet and Pyrford will become an unpleasant urban sprawl.
There is a wonderful selection of unusual birds and many animals in this area - woodpeckers, finches, herons, nuthatches, as well as common garden birds, plus deer, foxes, badgers etc.

Proposed modifications - please explain what changes you consider should be made, if any

Please do not plan to build the majority of the necessary green belt allocation in West Byfleet, Byfleet, Pyrford. Allocate sensibly and evenly throughout the borough.

General comment or suggest a new site

This section is for general comment not covered by the previous pages.

Any other comments

There are many brown belt areas in Woking itself that should be explored for development. Not only will they produce good housing but they will also enhance the area.
