Subject: Use of green belt for housing

We hereby wish to register the strongest of objections to the use GREEN FIELD sites bounding Upshot Lane Pyrford for the building of houses. One of our main concerns is the pressure on the infrastructure on an already very busy system which at times can create serious hold ups.

We would also remind you to observe and follow the Governments five stated purposes of GREEN BELT LAND of which we are sure you are aware.

Very sincerely

Graham & Enid Maguire
