Subject: Development of upshot lane

I am writing to express my objection to the development of upshott lane. As well as being green belt land which we as a society seem hell bent on destroying, the amount of houses being proposed in a small village is ludicrous. The schools in the area are already full to capacity and the village will not be able to sustain the level of traffic it will bring.

I am not against development of houses on a smaller scale on more appropriate land but this proposal will alter Pyrford as we know it, and not in a positive way.

Yours Sincerely
Claire Maytham
