Subject: OBJECTION TO 400+ NEW HOUSES FOR PYRFORD

Dear Ms Jackson (Head of Planning at WBC)

We have been living in Pyrford for the last 10 years and strongly object to 400+ houses being built on our beautiful Green Belt land in the village.

Pyrford is a village and this housing will have a detrimental impact on its charm and character as well as ruining our unique countryside for good. Additionally, Pyrford is already extremely congested during the day especially outside the school, along Coldharbour Road and this housing will only make the problem worse. The traffic congestion will also spill out on to other roads within the village and surrounding areas.

The amenities within the village will not cope. The local school is already heavily oversubscribed, with the parking at the school, shops and church becoming impossible.

The noise and the disruption surrounding any build will be lengthy and will be intolerable to all of the residents of Pyrford.

Our countryside must be preserved otherwise the village will be spoilt for ever!!

Yours sincerely

Mr Jason Moors and Mrs Kate Moors
