Site GB15 Land surrounding West Hall West Byfleet  
A combination of these  
I am not in principle opposed to developing the land surrounding West Hall provided it is done sympathetically to nature as the report suggests it will be, but I am very concerned by the increase in traffic this will cause on Parvis Road. As a resident of Blackwood Close, Parvis Road is our only point of access into and out of the Dartnell area, and it is already difficult to turn right onto Parvis Road from Blackwood Close during rush hour. I can only see an extra 592 houses (so well over a thousand new people) working if significant changes are made to the existing system of roads.

Proposed modifications - Please explain what changes you consider should be made (for example, to the text, to the site boundary)

Aside from building a second bridge over the M25 to give an alternate route in to West Byfleet from Byfleet and beyond I'm not sure how to improve the access from both the Dartnell area and West Hall onto Parvis Road. The Dartnell area is surrounded by the canal on one side, the train tracks on the far side and Green Belt fields and the school on the third side. I would be open to ideas from the council - there was mention of a roundabout

where Blackwood Close and Parvis road meet; I'm not quite sure how this would work - but my support for this project would depend on the details of how the smooth flow of traffic in West Byfleet are to be achieved.
