

## **Byfleet Green Field Sites.**

I moved to Byfleet one year ago and immediately felt the 'village atmosphere' which is great. The green field sites need to be kept for the welfare of the people of Byfleet. What is really needed is a health centre and a secondary school.

The infrastructure is in dire need of improvement. The roads around Byfleet are already grid-locked. More homes would make them impossible.

PLEASE LET BYFLEET KEEP THEIR GREEN FIELD SITES!
