Dear Sir's

I am writing to object to the proposed plan to build more houses in Byfleet on green belt land

There are a few points I would like to make

1. Areas of Byfleet have flooded in the past, some of these areas are green belt, why build on these?

2. The Parvis road is already gridlocked in the morning and evenings...

3. Surely the green belt should be preserved and other land **MUST** be available?

I fully understand the need for more housing but please can common sense and Byfleet be spared yet more development

Many thanks
