## Your views on the Site Allocations document

This section is for providing comments regarding the Draft Site Allocations DPD. Please provide as much detail as possible, for example the page or paragraph numbers to which your comment relates and explain any changes you consider should be made to the document.

This section can also be used to suggest a new potential development site to the Council (please state the full site address and contact details for the landowner(s) in your comments).

Site allocations	Site GB11 Land NW of Saunders Lane Mayford
Would you like to	Objecting
Please give us your comment	This area of countryside provides space between Mayford and Hook Heath. It is an area in constant use by walkers, dog walkers, families, joggers and wildlife. If we lose this land to dense housing the character of Hook Heath and Mayford will be totally lost. There will be dense population and the supporting roads will be solid (even more so than there already are during rush hour). There is so little green land left in Woking it is devastating to see this under threat also. Hook Heath Road is too busy and often with no pavements so that you cannot walk or cycle along it with small children. This stretch of countryside is invaluable to the residents who can walk into safe space with children, to walk the dogs and also to go down to the village hall in Mayford and to the post office. The traffic will be hideous if this area is solid housing. Also the wildlife with deer, rabbits, birds of prey and much more will be obviously obliterated which is terrible.
Proposed modifications - Please explain what changes	This area should not be used for housing and the Green

you consider should be made (for example, to the text, to Belt status should not be taken away. the site boundary)
